NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS

1. BASIS OF PREPARATION

The condensed interim financial statements are unaudited and have been prepared in accordance with Malaysian Financial Reporting Standard ("MFRS") 134, "Interim Financial Reporting" and should be read in conjunction with the Company's audited financial statements for the financial year ended 31 December 2014, which were prepared in accordance with the Malaysian Financial Reporting Standards.

The explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to gain an understanding of the changes in the financial position and performance of the Company since the financial year ended 31 December 2014.

2. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted by the Company in the unaudited condensed interim financial statements are consistent with those adopted in the Company's audited financial statements for the financial year ended 31 December 2014, except for the adoption of the following MFRS:

<u>Description</u>	Effective Date
Amendments to MFRS 119: Defined Benefit Plans: Employee Contributions	1 July 2014
Annual Improvements to MFRSs 2010–2012 Cycle	1 July 2014
Annual Improvements to MFRSs 2011–2013 Cycle	1 July 2014

The adoption of the above amendments to standards issued by Malaysian Accounting Standards Board ("MASB') in the current financial year do not have any material impact to the financial statements of the Company.

As at the date of authorisation of these interim financial statements, the MFRSs, amendments to MFRSs and IC Interpretations that are issued by MASB but not yet effective in the current year are not expected to have any material impact on the financial statements of the Company.

3. SEASONAL/CYCLICAL FACTORS

The business operations of the Company are subject to the sales cycle of the insurance business.

4. UNUSUAL ITEMS

There were no unusual items affecting assets, liabilities, equity, net income or cash flows for the financial period ended 30 June 2015.

(Incorporated in Malaysia)

NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS (CONTINUED)

5. CHANGE IN ESTIMATES

There were no changes in the basis used for accounting estimates for the current financial period ended 30 June 2015.

6. DEBT AND EQUITY SECURITIES

There were no issuances, cancellation, repurchases, resale and repayment of debt and equity securities during the current financial period ended 30 June 2015.

7. DIVIDENDS

No dividends has been paid or declared by the Company since the end of the previous financial year.

8. MATERIAL EVENTS SUBSEQUENT TO THE END OF THE FINANCIAL PERIOD

There is no material event subsequent to the end of the period under review that has not been reported in the interim financial statements for the current financial period to date.

9. CHANGES IN COMPOSITION OF THE COMPANY

There is no change in the Company's composition for the current financial period to date.

10. CONTINGENT LIABILITIES

There were no contingent liabilities as at the date of this report since the last annual statement of financial position date.

11. SIGNIFICANT EVENTS

There are no significant events during the financial period to date.

(Incorporated in Malaysia)

NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS (CONTINUED)

18. DETERMINATION OF FAIR VALUES AND FAIR VALUE HIERARCHY

a) Freehold properties and investment properties

The fair value of the Company's freehold properties and investment properties is determined based on the income method conducted by an independent qualified valuer.

Under the income method, the market value of the properties is determined based on the net annual income which is derived by deducting the annual outgoings from the gross annual income and capitalising the net income by a suitable rate of return consistent with the type and quality of the investment.

Fair value hierarchy

A level is assigned to each fair value measurement based on the lowest level input significant to the fair value measurement in its entirety. The three-level hierarchy is defined as follows:-

- Level 1 Fair value is derived from unadjusted quoted price in active markets for identical properties that the entity can access at the measurement date.
- Level 2 Fair value is estimated using inputs that are observable for the properties, either directly or indirectly.
- Level 3 Fair value is estimated using unobservable inputs for the properties.

The fair value of freehold properties and investment properties are classified within Level 2 of the fair value hierarchy. The fair value of the properties are as follows:

	Freehold properties		Investment properties	
	As at 30.06.2015 RM'000	As at 31.12.2014 RM'000	As at 30.06.2015 RM'000	As at 31.12.2014 RM'000
Carrying amount*	10,126	9,975	50,395	49,177
Fair value as stated in valuation report**	9,935	9,935	49,177	49,177
Last recognised revalued amount	9,243	9,243	49,177	49,177

^{*} Includes additional refurbishment costs capitalised during the period.

^{**} Based on the valuation conducted by an independent qualified valuer as at 31 December 2014.

(Incorporated in Malaysia)

NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS (CONTINUED)

18. DETERMINATION OF FAIR VALUES AND FAIR VALUE HIERARCHY

b) Financial assets and financial liabilities

(i) Determination of fair values

The fair values of the Company's financial assets and financial liabilities are determined as follows:

- (i) The carrying amounts of financial assets and financial liabilities, such as loans and receivables, insurance receivables, cash and bank balances, insurance payables and other payables, are reasonable approximations of their fair values due to the relatively short term maturity of these balances;
- (ii) The fair values of quoted equities are based on quoted market prices as at the reporting date;
- (iii) The fair values of Malaysian Government Securities, Government Investment Issues and unquoted corporate debt securities are based on indicative market prices;
- (iv) The fair values of negotiable instruments of deposit are calculated using the discounted cash flow method based on the maturity of the instruments at discount rates representing the average market rates quoted by at least two licensed banks;
- (v) The fair values of investments in mutual funds, unit trust funds and real estate investment trusts are valued based on the net asset values of the underlying funds as at the reporting date.
- (vi) The fair values of foreign exchange forward contracts are based on valuations provided by the financial institutions making reference to quoted market prices.

(ii) Fair value hierarchy

The Company categorises its fair value measurements according to a three-level hierarchy. The hierarchy prioritises the inputs used by the Company's valuation techniques for determining the fair value of the financial instruments.

A level is assigned to each fair value measurement based on the lowest level input significant to the fair value measurement in its entirety. The three-level hierarchy is defined as follows:

- Level 1 Fair value measurements that reflect unadjusted, quoted prices in active markets for identical assets and liabilities that the Company has the ability to access at the measurement date. Valuations are based on quoted prices reflecting market transactions involving assets or liabilities identical to those being measured.
- Level 2 Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs that are observable that are not prices (such as interest rates, credit risks, etc) and inputs that are derived from or corroborated by observable market data.

18. DETERMINATION OF FAIR VALUES AND FAIR VALUE HIERARCHY (CONTINUED)

b) Financial assets and financial liabilities (continued)

(ii) Fair value hierarchy (continued)

Level 3 –Fair value measurements using significant non market observable inputs. These include valuations for assets and liabilities that are derived using data, some or all of which is not market observable, including assumptions about risk.

In determining the fair value of its financial instruments, the Company uses observable market data, when available, and minimises the use of unobservable inputs to the extent possible when determining fair value.

The following table presents the Company's financial assets and liabilities that are carried at fair value as at reporting date.
