### NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS

#### 1. BASIS OF PREPARATION

The condensed interim financial statements are unaudited and have been prepared in accordance with Malaysian Financial Reporting Standard ("MFRS") 134: Interim Financial Reporting and International Accounting Standard ("IAS") 34: Interim Financial Reporting and should be read in conjunction with the Company's audited financial statements for the financial year ended 31 December 2016, which were prepared in accordance with the MFRS and IAS.

The explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to gain an understanding of the changes in the financial position and performance of the Company since the financial year ended 31 December 2016.

#### 2. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted by the Company in the unaudited condensed interim financial statements are consistent with those adopted in the Company's audited financial statements for the financial year ended 31 December 2016, except for the adoption of the following MFRS:

<u>Description</u>	Effective Date
MFRS 107 Disclosures Initiatives (Amendments to MFRS 107)	1 January 2017
MFRS 112 Recognition of Deferred Tax for Unrealised Losses	1 January 2017
(Amendments to MFRS 112)	
Amendment to MFRS 12 Disclosure of Interests in Other Entities	1 January 2017
(Annual Improvements to MFRS Standards 2014-2016 Cycle)	

The adoption of the above amendments/improvements to standards issued by Malaysian Accounting Standards Board ("MASB') in the current financial year does not have any material impact to the financial statements of the Company.

As at the date of authorisation of these interim financial statements, the Company is still assessing the financial impact and the additional disclosure requirements to the financial statements of the Company from the new MFRSs, amendments/improvements and IC Interpretation to MFRSs that are issued by MASB but not yet effective in the current year.

#### 3. SEASONAL/CYCLICAL FACTORS

The business operations of the Company are subject to the sales cycle of the life insurance business.

#### 4. UNUSUAL ITEMS

There were no unusual items affecting assets, liabilities, equity, net income or cash flows for the financial period ended 30 June 2017.

(Incorporated in Malaysia)

# NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS (CONTINUED)

#### 5. CHANGE IN ESTIMATES

There were no changes in the basis used for accounting estimates for the current financial period ended 30 June 2017.

### 6. DEBT AND EQUITY SECURITIES

There were no issuances, cancellation, repurchases, resale and repayment of debt and equity securities during the current financial period ended 30 June 2017.

### 7. DIVIDENDS

No dividends has been paid or declared by the Company since the end of the previous financial year.

#### 8. MATERIAL EVENTS SUBSEQUENT TO THE END OF THE FINANCIAL PERIOD

There is no material event subsequent to the end of the period under review that has not been reported in the interim financial statements for the current financial period to date.

### 9. CHANGES IN COMPOSITION OF THE COMPANY

There is no change in the Company's composition for the current financial period to date.

#### 10. CONTINGENT LIABILITIES

There were no contingent liabilities as at the date of this report since the last annual statement of financial position date.

### 11. SIGNIFICANT EVENTS

There are no significant events during the financial period to date.

(Incorporated in Malaysia)

Investment-linked				
policyholders' account	92,431	172,205	92,431	172,205
At 30 June/31 December	3,814,729	3,591,347	3,809,764	3,586,862

As the Non-participating life fund's unallocated surplus and fair value reserve are classified as equity, only the associated Participating life fund's unallocated surplus and fair value reserve are included in the above presentation.

For the current period ended 30 June 2017, the applicable assumption changes resulted in higher actuarial liabilities of RM24.8 million (30 June 2016: higher actuarial liabilities of RM69.0 million), with a corresponding decrease in unallocated surplus for the participating business of RM14.9 million (30 June 2016: decrease in unallocated surplus of RM52.9 million) and decrease in net profit before tax of RM9.9 million (30 June 2016: decrease in net profit before tax of RM16.1 million).

#### 16. FINANCIAL LIABILITIES AT FAIR VALUE THROUGH PROFIT OR LOSS

#### Derivatives

The table below shows the fair value of derivative financial instruments, recorded as asset or liability, together with their notional amounts. The notional amount, recorded gross, is the amount of the derivative's underlying asset and is the basis upon which changes in the value of derivatives are measured.

(Incorporated in Malaysia)

# NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS (CONTINUED)

#### 19. DETERMINATION OF FAIR VALUES AND FAIR VALUE HIERARCHY

#### a) Freehold property and investment property

The fair value of the Company's freehold property and investment property is determined based on the income method conducted by an independent qualified valuer.

Under the income method, the market value of the properties is determined based on the net annual income which is derived by deducting the annual outgoings from the gross annual income and capitalising the net income by a suitable rate of return consistent with the type and quality of the investment.

#### Fair value hierarchy

A level is assigned to each fair value measurement based on the lowest level input significant to the fair value measurement in its entirety. The three-level hierarchy is defined as follows:-

- Level 1 Fair value is derived from unadjusted quoted price in active markets for identical properties that the entity can access at the measurement date.
- Level 2 Fair value is estimated using inputs that are observable for the properties, either directly or indirectly.
- Level 3 Fair value is estimated using unobservable inputs for the properties.

The fair value of freehold property and investment property is classified within Level 3 of the fair value hierarchy. The fair value of the properties is as follows:

	Freehold property		Investmen	t property
	As at 30.06.2017 RM'000	As at 31.12.2016 RM'000	As at 30.06.2017 RM'000	As at 31.12.2016 RM'000
Carrying amount	10,154	10,321	50,913	50,913
Fair value as stated in valuation report*	10,321	10,321	50,913	50,913

<sup>\*</sup> Based on the valuation conducted by an independent qualified valuer as at 4 November 2016.

Description of valuation techniques used and significant unobservable inputs to valuation of freehold properties and investment properties:

	Valuation technique	Significant unobservable inputs	Range
2016			
Freehold/	Income	Term's period net yield	6.00%
investment	method	Reversionary period's net yield	6.25%
property		Void factor	5.00%
		Average rental for term period Average rental for reversionary period	RM4.40 – RM5.03 psf RM4.60 psf

(Incorporated in Malaysia)

# NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS (CONTINUED)

### 19. DETERMINATION OF FAIR VALUES AND FAIR VALUE HIERARCHY (CONTINUED)

#### a) Freehold property and investment property (continued)

Significant increase or decrease in each of the unobservable inputs used in the valuation would result in a correspondingly higher or lower fair value of the properties.

The reconciliation from beginning to ending balances for the freehold property and investment property are as follows:

	Freehold property		Investment	property
	2017	2016	2017	2016
	RM'000	RM'000	RM'000	RM'000
At 1 January	10,321	10,330	50,913	51,320
Depreciation charge for the				
period/year	(167)	(324)	-	-
Additions during the period/year	-	41	-	164
Fair value gain/(loss)	<u> </u>	274		(571)
At 30 June/31 December	10,154	10,321	50,913	50,913

#### b) Financial assets and financial liabilities

#### (i) Determination of fair values

The fair values of the Company's financial assets and financial liabilities are determined as follows:

- (i) The carrying amounts of financial assets and financial liabilities, such as loans and receivables, insurance receivables, cash and cash equivalents, insurance payables and other payables are reasonable approximations of their fair values due to the relatively short term maturity of these balances and the immaterial impact of discounting;
- (ii) The fair values of quoted equities and investments in real estate investment trusts are based on quoted market prices as at the reporting date;
- (iii) The fair values of Malaysian Government Securities, Government Investment Issues and unquoted corporate debt securities are based on indicative market prices;
- (iv) The fair values of negotiable instruments of deposit are calculated using the discounted cash flow method based on the maturity of the instruments at discount rates representing the average market rates quoted by at least two licensed banks;
- (v) The fair values of mutual funds and unit trust funds are based on the net asset values of the underlying funds as at the reporting date; and
- (vi) The fair values of forward foreign exchange contracts are based on valuations provided by the financial institutions making reference to quoted market prices.

(Incorporated in Malaysia)

# NOTES TO THE UNAUDITED CONDENSED INTERIM FINANCIAL STATEMENTS (CONTINUED)

#### 19. DETERMINATION OF FAIR VALUES AND FAIR VALUE HIERARCHY (CONTINUED)

- b) Financial assets and financial liabilities (continued)
  - (ii) Fair value hierarchy (continued)

The Company categorises its fair value measurements according to a three-level hierarchy. The hierarchy prioritises the inputs used by the Company's valuation techniques for determining the fair value of the financial instruments.

A level is assigned to each fair value measurement based on the lowest level input significant to the fair value measurement in its entirety. The three-level hierarchy is defined as follows:

- Level 1 Fair value measurements that reflect unadjusted, quoted prices in active markets for identical assets and liabilities that the Company has the ability to access at the measurement date. Valuations are based on quoted prices reflecting market transactions involving assets or liabilities identical to those being measured.
- Level 2 Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs that are observable that are not prices (such as interest rates, credit risks, etc) and inputs that are derived from or corroborated by observable market data.
- Level 3 Fair value measurements using significant non market observable inputs. These include valuations for assets and liabilities that are derived using data, some or all of which is not market observable, including assumptions about risk.

In determining the fair value of its financial instruments, the Company uses observable market data, when available, and minimises the use of unobservable inputs to the extent possible when determining fair value.
